Reference Letter for Power Engineering Solutions Ltd

ABB Zimbabwe (PVT) Ltd confirms that Power Engineering Solutions PVT Ltd was sub-contracted by us to develop and supply the following work between 2014 and 2017:

- Installation of Distributed Control System for the Main Control Room Upgrade phase 1 at Hwange Power Station for 330kv/88kv/33kv/11kv & 3.3kv.
- Installation of 132kV GIS Afrochine feeder bay at Selous 330kV Substation
- Installation of 33kV breakers at Sable Chemicals 88/33kv substation
- Installation 11kV indoor switchgear at Zimasco 132/11kv Substation

We can kindly confirm that all the above projects were successfully completed and commissioned.

This letter of reference is provided for the comfort of a third party and is based on ABB's own experience with the supplier. ABB has no liability whatsoever for the contracting of the supplier by the third party as a result of this letter of reference.

Best Regards
